Saab at Dubai Airshow 2017

Defence and security company Saab will be appearing at the Dubai Airshow on 12-16 November 2017 in the United Arab Emirates (UAE). Saab is displaying its products at Stand 540.

Saab will be displaying a wide range of advanced systems, focused on control and dominance from and of the air. This will be demonstrated with displays and exhibits from across airborne surveillance, ground based air surveillance and the air traffic management sector. Famous names from each of these will be present such as the GlobalEye airborne swing role surveillance system, the Giraffe 4A ground based radar and the Digital Tower for airports.

“The Dubai Airshow is a highlight for Saab and the United Arab Emirates is a key country for us and our plans for the region. GlobalEye symbolises both the strong relationship between us and the UAE, and Saab’s approach to developing capabilities that high-end customers demand. We are looking forward to meeting and discussing business with our many clients who travel to be here from around the world,” said Hans Rosén, head of market area Middle East & Africa.

Press briefing

Monday 13th November, 11:00 at the Saab Stand 540

“Spanning the globe: Saab’s growing Air Traffic Management portfolio.”

A press briefing on the latest news from Saab’s comprehensive air traffic management portfolio including the revolutionary digital tower that is leading the market.
