

EXPORT CONTROL POLICY

Saab is acting in a highly regulated field of business and is committed to always complying with applicable export control laws, regulations, authorisations, end user undertakings and sanctions.

This will be achieved through:

- fostering a culture of compliance within the company
- having competent export control employees to support our business
- informing and having all employees trained to perform their respective roles compliantly
- teamwork and well-structured and optimised ways of working
- implementing and maintaining effective and compliant IT support systems
- continuously performing internal audits and implementing improvements
- investigating internally and reporting violations to the authorities and implementing corrective measures.

Through our commitment towards export compliance, we secure our privilege to export and thereby support Saab's position as a reliable business partner.

Micael Johansson
President and CEO, Saab AB

Saab serves the global market with world-leading products, services and solutions within military defence and civil security. Saab has operations and employees on all continents around the world. Through innovative, collaborative and pragmatic thinking, Saab develops, adopts and improves new technology to meet customers' changing needs.
