Saab Receives Order for Gripen Maintenance Support

Defence and security company Saab has received an order from the Swedish Defence Materiel Administration (FMV), for Gripen maintenance and support. The order value amounts to approximately SEK 250 million and delivery will take place during 2017.

The order is an extension of a previous contract with FMV regarding performance-based support and maintenance, signed in 2012. It includes support and maintenance operations required to sustain air operations with Gripen, for example technical support, publications, spare equipment and repairs.

The work will be carried out in Sweden at Saab's facilities in Linköping, Arboga, Gothenburg, Järfälla and Östersund.
