

Press release 31 May 2024

Saab receives large order for defence equipment

Saab has today received an order from the Government of a Western country for a number of defence systems and equipment. The order value is approximately SEK 7.7 billion with deliveries planned 2027-2028.

The order includes systems and equipment from Saab's business areas Dynamics and Surveillance.

Due to the nature of the industry, circumstances concerning the customer and national security interests, no further information regarding these orders or the customer will be provided.

Saab is a leading defence and security company with an enduring mission, to help nations keep their people and society safe. Empowered by its 22,000 talented people, Saab constantly pushes the boundaries of technology to create a safer and more sustainable world. Saab designs, manufactures and maintains advanced systems in aeronautics, weapons, command and control, sensors and underwater systems. Saab is headquartered in Sweden. It has major operations all over the world and is part of the domestic defence capability of several nations.

The information is such that Saab AB is obliged to make public pursuant to the EU Market Abuse Regulation. The information was submitted for publication, through the agency of the contact person set out above, on 31 May 2024 at 09:20 (CET).
