## NEWS FROM SAAB

29 September 2022  
CUE 22-061

### Saab at EURONAVAL 2022

Saab will be exhibiting its advanced naval solutions at EURONAVAL (stand H55, Hall 2B) from 18-21 October, in Paris.

Visit us to learn more about our submarines, CB90 Next Generation multimission combat boat, RBS15 anti-ship missile and MuMNS – the latest addition to the Double Eagle family of mine neutralisation systems. Our other products on display include TactiCall Integrated Communications Solutions, AUV62-AT training platform for Anti Submarine Warfare operators, and Sea Giraffe 1X naval radar.

#### **Saab press briefing:**

The following press briefing will be held at the Saab stand and accredited media are welcome to attend.

Wednesday 19th October, Saab stand

- 14:00: *Preparing for Seabed Operations*

The seabed as an operational area is growing in significance due to its increasing importance to critical infrastructure and protecting national sovereignty. Saab will discuss how our experience in both civil exploration and naval submarines can inform and shape the military response.

We look forward to meeting you and sharing how our thinking edge drives innovation above and below the surface, providing a higher level of security and greater operational efficiency.
