

**SAAB**

**AT4 B**

# Train as you fight

A highly realistic operation procedure

The complete family of training systems, identical to the full calibre AT4, offers different versions of all AT4 weapons.

# SAAB

## REALISTIC OPERATION

The AT4 system offers a 9 mm version, designed to fully replicate the handling of the real weapon. AT4 B provides realistic handling and target practice training for gunners.

### Technical data

---

**LENGTH** >980 mm (depending on the AT4 model)
