Saab is a leading defense and security company with an enduring mission, to help nations keep their people and society safe. Empowered by its 18,000 talented people, Saab constantly pushes the boundaries of technology to create a safer, more sustainable and more equitable world. Saab designs, manufactures and maintains advanced systems in aeronautics, weapons, command and control, sensors and underwater systems.

SAAB

NEWS FROM SAAB

Saab is headquartered in Sweden. It has major operations all over the world and is part of the domestic defense capability of several nations.

Saab, Inc. is a U.S. based wholly owned subsidiary, delivering advanced technology and systems, supporting the U.S. Armed Forces and the Federal Aviation Administration, as well as international and commercial partners. Headquartered in Syracuse, New York, the company has business units and local employees in seven U.S. locations.
